Step 2 | Cricket® Outfitting Sheet

A. Choose Bed / Lounge Model

Cricket® Folding Couch:

\$14,330 1376lbs

Perfect for going solo or for traveling as a couple. Just like that futon you had in college, the folding couch lounge switches easily between soft couch and comfy bed. The table pivots over the couch to hold coffee or crosswords and slides to the side as a nightstand when the bed is pulled out. Storage underneath the couch is easy to access from the back hatch or interior.

Cricket® V-Berth:

\$14,330 1577lbs

Perfect for friends, couples, and families. This lounge model features full-width benches that conceal storage beneath. Keep the table up to make a divided sleeping area that accommodates two adults or drop the table to bed level to make a family bed for two adults and one small child. Add the optional Kids' Berths (*not shown*) to accommodate a family of four. The rotating table top makes it easy to get in and out of the booth-style seating and to achieve the ideal angle for laptop use.
